Next Steps

• Retrospective for Sprint 3 (1-good, 1-bad each; vote on which to improve; reflect on whether the past things you focused on are improving)

• Sprint planning for Sprint 4
  • Include writing up / updating your PRD v2 (due Nov 29 by end of discussion)
  • Include preparing and practicing your final demo's (last week of class)
    • Dec 3 (order of groups is on the class schedule website; 8 mins max; laptop must work!)
    • Demos will be recorded

Other

• Meet w/ Steve (this week & next): report on Sprint 3 and 4 progress
• Next week: team scrum and demo prep
• Dec 6 Discussion section: Sprint 4 retro and planning for continuing your progress over the holiday break
Today: Sprint 4 = 9 days, starts today, Ends @ Dec 6 (discussion section)

- Retrospective: go around team, state 1 good, then 1 bad
  - Discuss bad; identify fix for next sprint (scribe this); how did last fix go?
- Sprint 4 plan
  - All remaining PRDv2 user stories w/ acceptance tests (PRDv2 due Nov 29)
  - Demo prep and presentation practice
    - Demo presentations are Dec 3 in class (8 mins max; check that your laptop works)
    - Dec 6 discussion is for sprint 4 retro and sprint planning for over the holiday break
- Break into tasks
  - Estimate/discuss timings (1/2 day – 1 day each)
  - Demo/prototyping plan
  - Total up to have timing per story
- Planning Poker (choose tasks until filled)
