# Finding places to live is HARD

---

- So many properties
- So many applications
- So many application fees
- So many background checks
- So many anger

# Project Idea

- UI that simplifies application process
- Compile filtered properties
- Common rental applications
- Reuse background checks

# Current Features / Demo

---

# Future Implementations

---

- Group searching
- Roommate matching
- Messaging service
- Automatic property visit scheduler
- Optional guarantor

# Thank You!
