MOTIVATION

Property staging today:

- Costs money to rent nice furniture
- Requires time for setup & removal
- Does not offer a personal experience for potential buyers & renters

SOLUTION

Property staging with designAR:

- Users walk into an empty property, pull out their phone, & begin decorating
- No time or hassle for property managers
- Free resource for iPhone and iPad users

INNOVATION

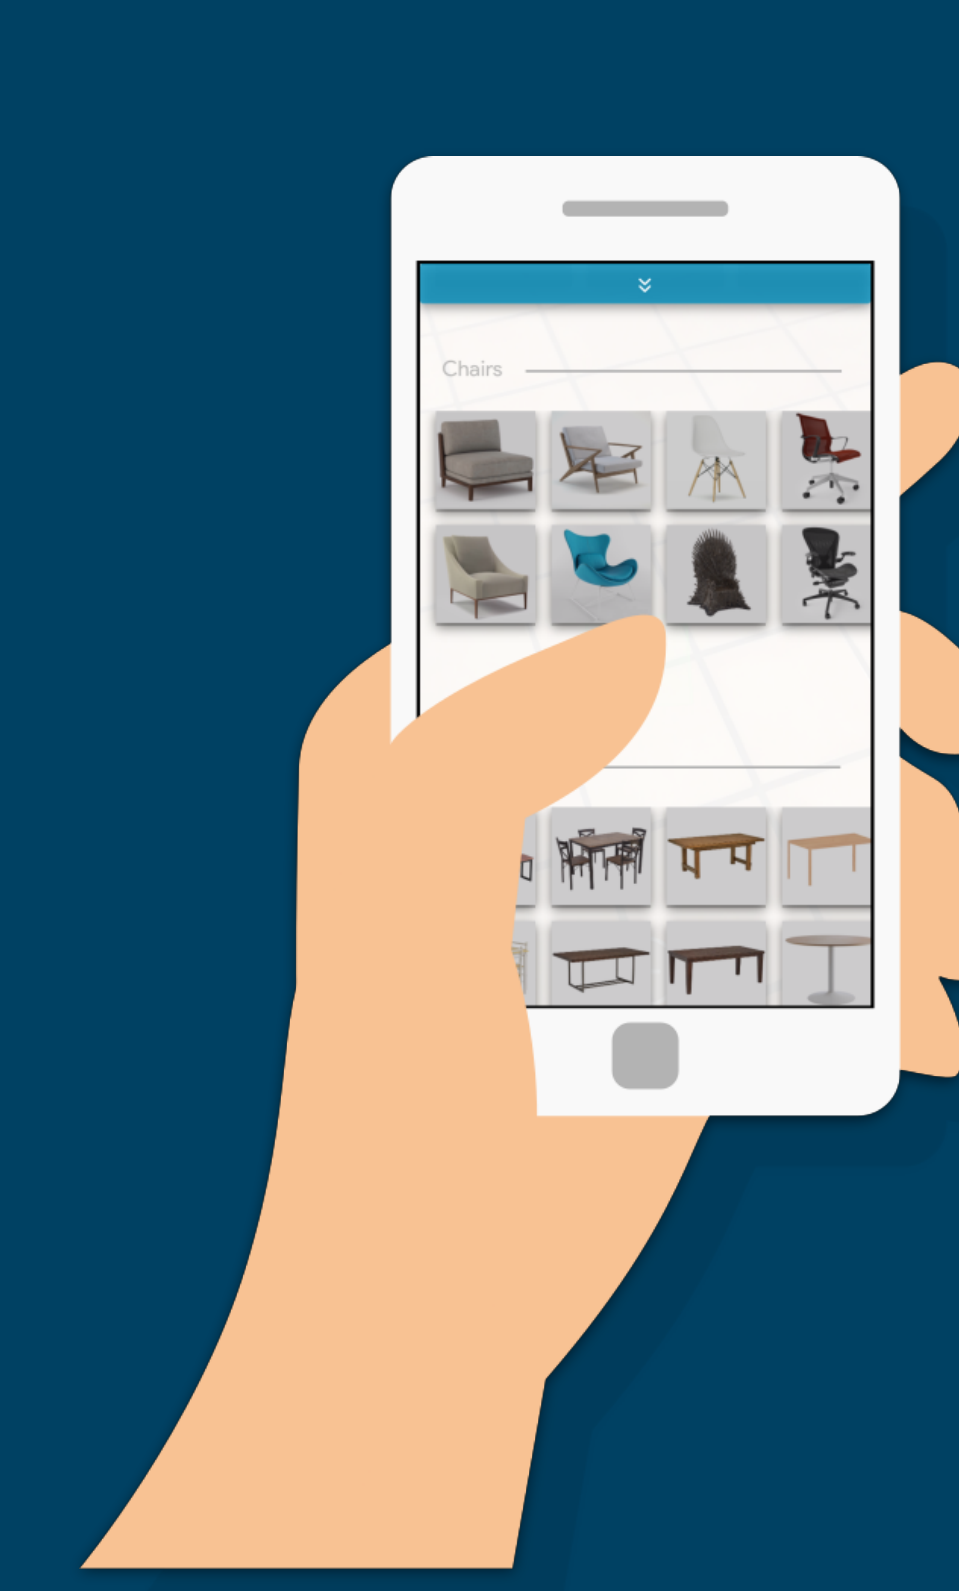

How designAR differs from IKEA & Amazon:

- Creates a personalized AR experience specific to interior design
- Offers real-time collaboration across multiple devices

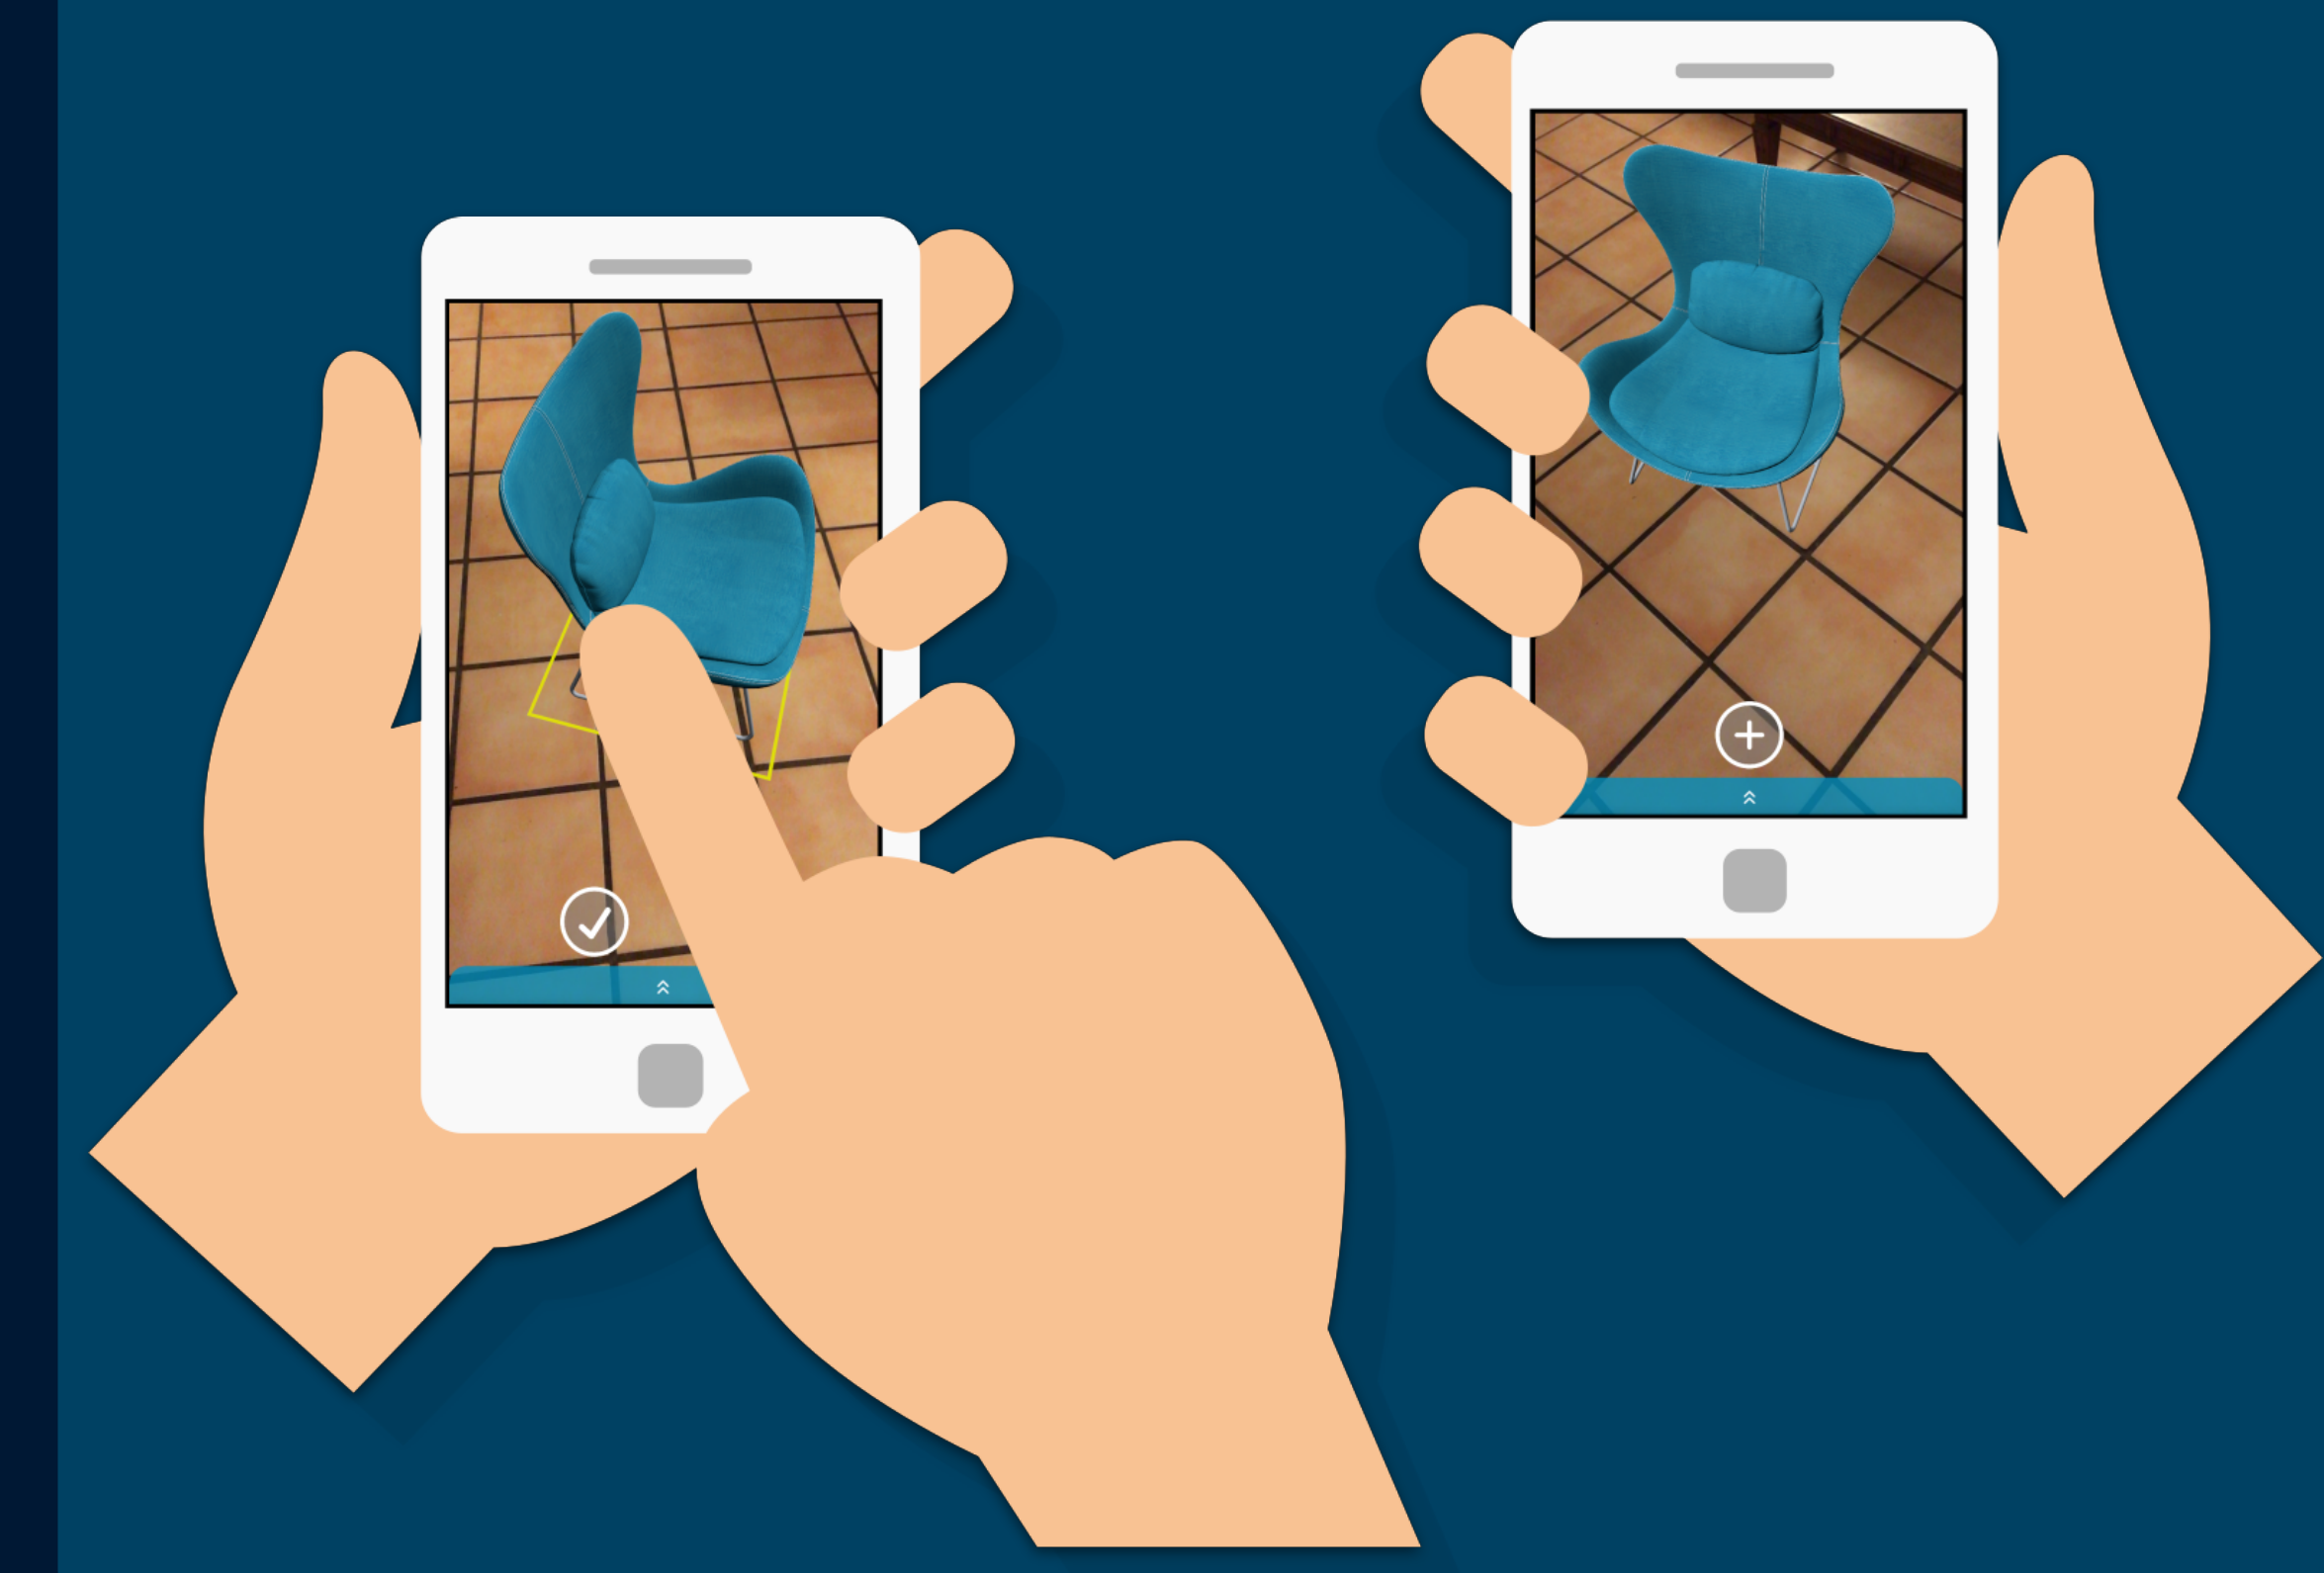

1. CONNECT

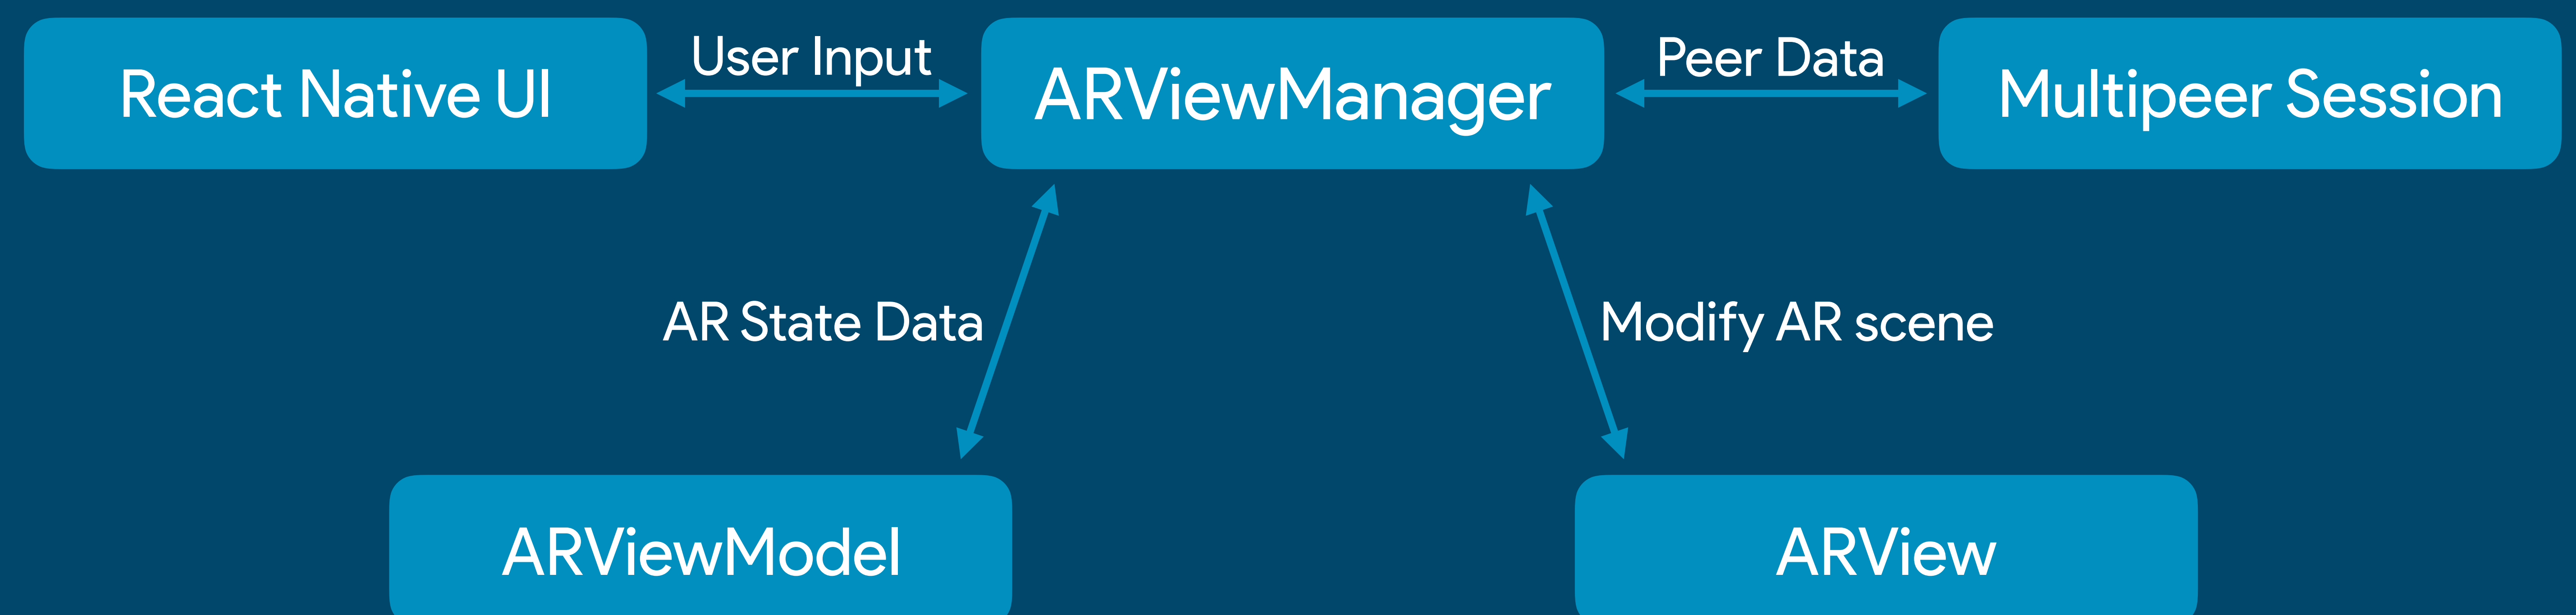

2. CUSTOMIZE

3. COLLABORATE

ARCHITECTURE

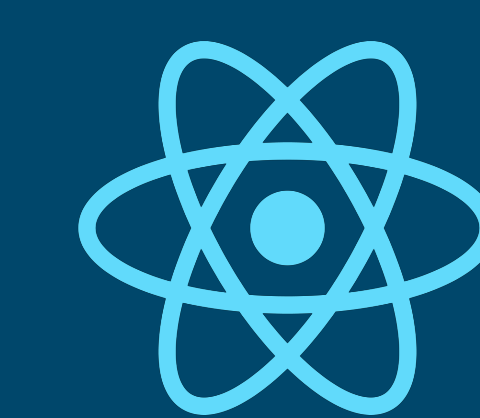

TECHNOLOGIES EMPLOYED

Swift

ARKit 2

React Native
