Jules

Huge thanks to our wonderful mentors!
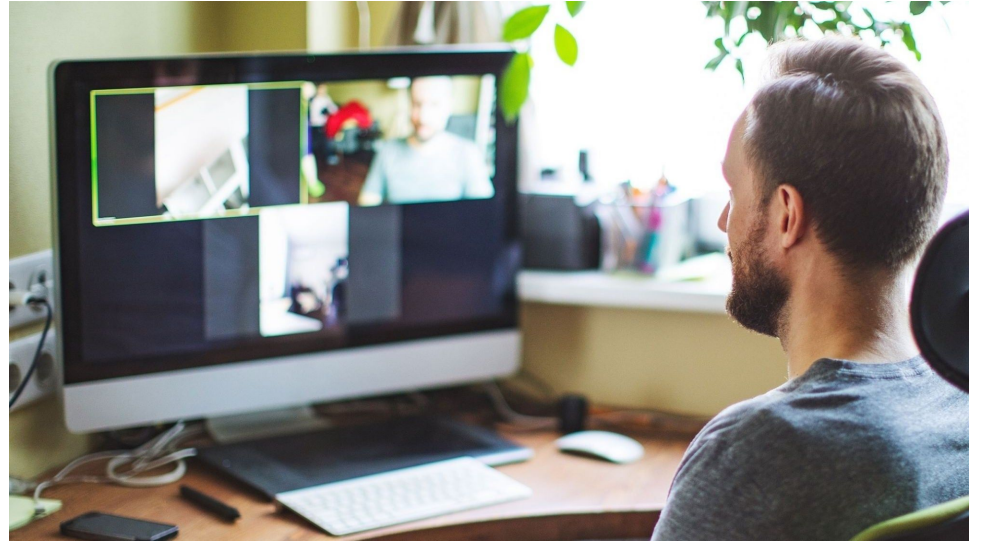

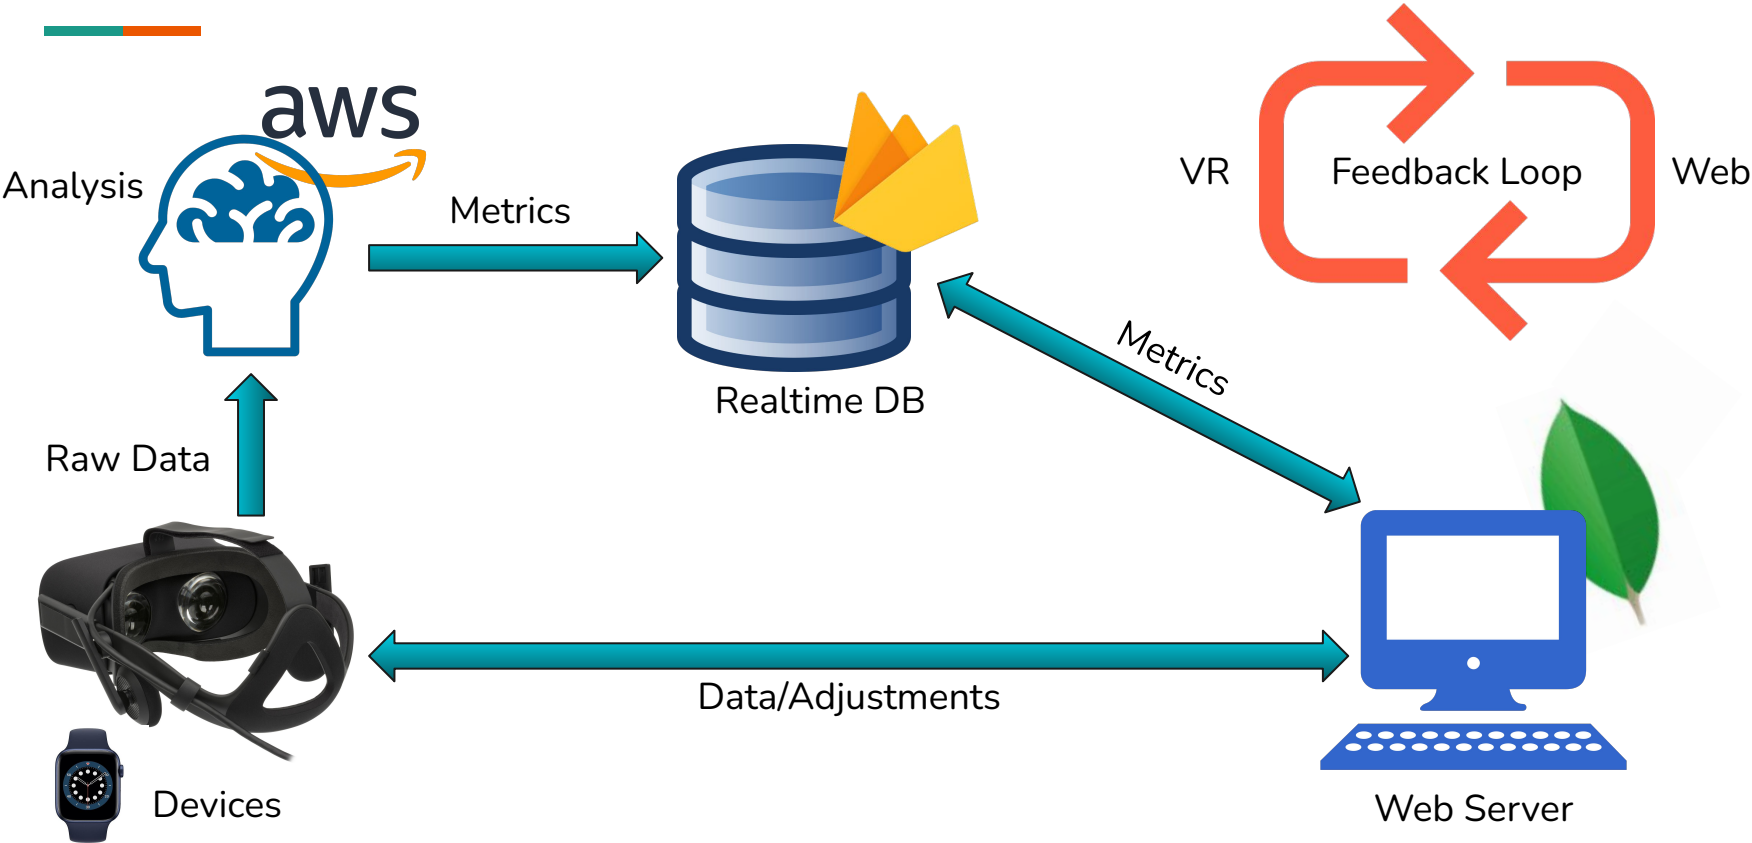

Introduction

- Motivation

  - Mental Health

  - COVID-19

  - Quarantine

  - Social anxiety

- The project - Vcare

  - VR online therapy

Software System Architecture

Future Goals

- Integrate Apple watch to collect more data for analysis

- Text summarization of transcript for therapist to review notes

- Add voice tone and body language analysis

- Generate score based on collected data post-session

- Make an actual frontend

- Share video and audio feed from VR to website
